SELECT YOUR STOCK FROM THESE VARIETIES OF MERIT
We take pleasure in offering for your consideration our Spring, 1935, List of new and select Dahlias.

The varieties which we have listed and offer to you are very carefully selected. Each variety has been selected for its own merit and quality regardless of Honor Rolls or other commercial promotion. It is an undisputable fact that well over 50% of the so-called new introductions are inferior to varieties which have been on the market for the past 15 years.

Before investing our good money we had those questions in mind and we truly believe that better selections cannot be made from Domestic or Foreign varieties, therefore, we hope to have the pleasure to serve you the best.

TERMS: Cash with order or 25% of order will hold your selection until May 1st. All stock must be paid in full before leaving grounds.

GUARANTEE: We guarantee our stock to be true to name to the extent of double replacement the following season. If unable to replace we will refund not more than price paid. We do not guarantee growth, size of blooms, tubers, etc. If our stock is not satisfactory upon arrival please send it back immediately and we will refund your money in full. This does not apply to stock damaged in transportation, in such an instance customer must make claim to the carrier at once.

Our plants are grown under the most favorable conditions. They are packed well and shipped in 3-inch pots.

In addition to varieties listed, we have additional Foreign varieties to be released in the Fall of 1935.

PRICES ARE F. O. B., AKRON

Since all of our time is devoted to Floriculture, visitors are welcome at any time.
Notice to our Ohio State Customers:
Add 3% Sales Tax to all retail orders.
